MADE EXCLUSIVELY FOR YOUR VOLVO

## **Accessories to Personalize Your Volvo**

Volvo owners are a particular breed. Each prizes his Volvo as a very cherished personal possession. The accessories added to each Volvo not only enhance comfort, appearance and safety but also reflect a special individuality of ownership.

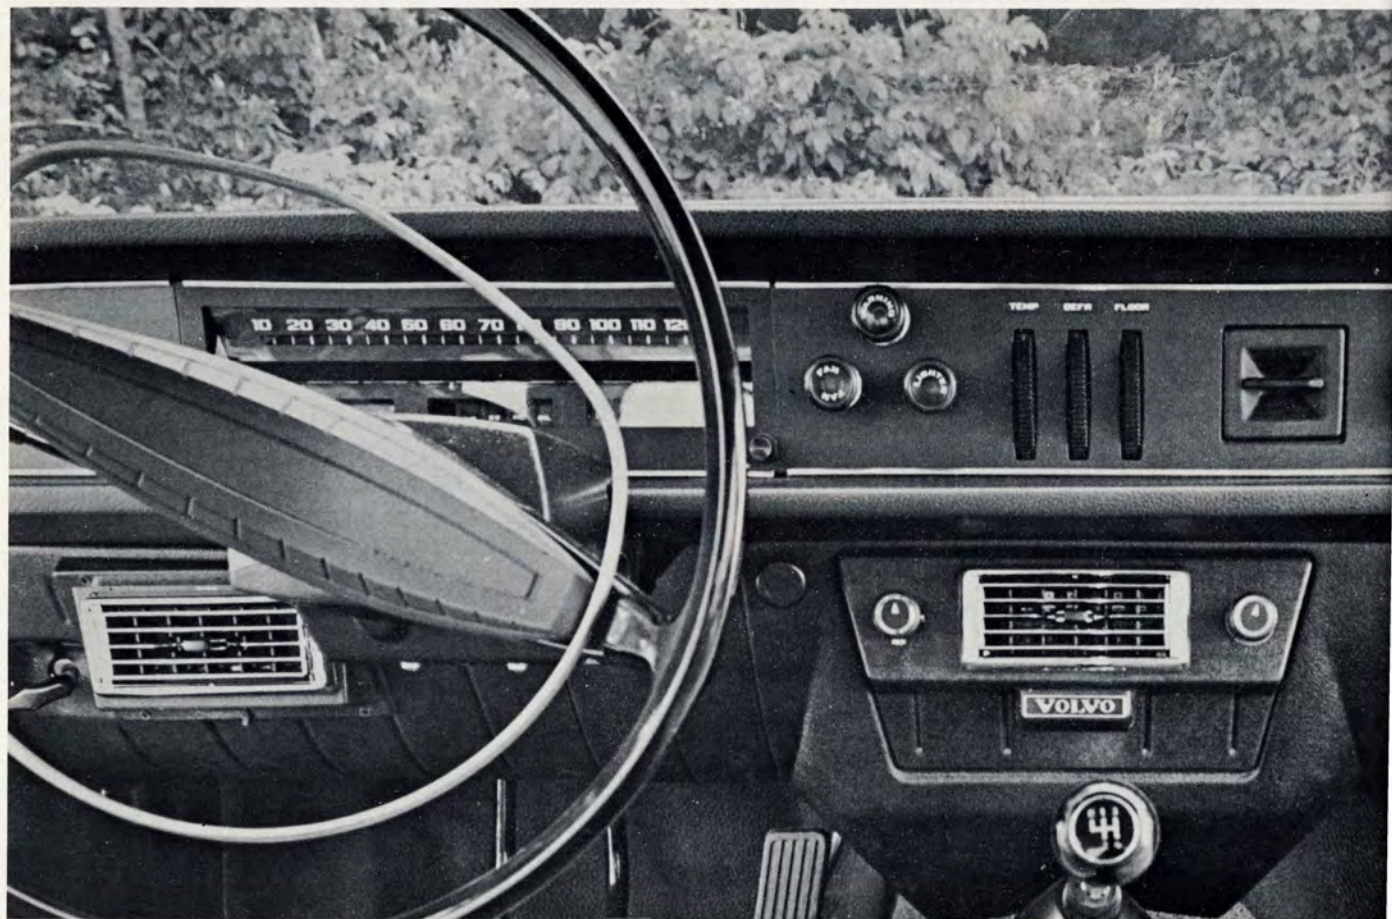

For this reason it is logical that accessories be of genuine Volvo origin. Only then will they provide the Volvo owner with the same standards of design excellence and performance that he expects from the car itself. Happy choosing . . .
