INSIST ON GENUINE VOLVO PARTS

You bought a Volvo because it's a name you trust and respect. When a replacement part is needed, insist on a genuine Volvo part! A substitute part may look like the original, but it does not always perform like the original. For quality service and fully warranted genuine parts, see your authorized Volvo dealer.

SERVICE MANUALS

If you're the kind of a fellow who enjoys working on his own Volvo, an official service manual is a must. \$12.00 each. (See index)
