VOLVO

Presenting Genuine Volvo Accessories. All have been designed to fit your Volvo perfectly without compromising any of the high standards that have been engineered into the vehicle. And since they have been built to our strict specifications, they are designed to last as long as the car they complement.

Along with our high quality standards, you are assured that our standards for safety, reliability, and value, have not been compromised.

Whatever you look for in your Volvo, you'll find in Genuine Volvo Accessories, and most important you will keep your Volvo a Volvo.

SAFETY AND ANTI-THEFT

Anti-Theft Alarm Protect your investment with an alarm system designed specifically to complement the sophisticated electronic system in Volvo cars. Doors, hood and trunk as well as glass, are protected by use of switches and impact sensors.

Cargo Guard/ Cargo Cover

The Cargo Guard keeps loose boxes, luggage, or pets in the rear—instead of in the rear seat. The Security Cover helps keep your personal belongings under cover. Both items remove easily to accommodate larger loads.

Child Cushion and Backrest

Enables children who have outgrown the child seat to use the standard three point seat belt comfortably and safely. An added benefit is increased visibility for the child. Both units sold separately. Recommended for all models.

The accessories in this section are designed for special circumstances that are not required by all Volvo owners. Pick those that fit your individual needs, but rest assured, they're the best you can get for your Volvo.

- Locking Gas Caps
- Travel Kit
- Cargo Covers (wagons)
- Child Guard
- Locking Lug Nuts
- Tether Anchorage (sedans)

Third Seat Belt Designed to spread the force in frontal collisions more evenly across both body and pelvic areas. Inertia reel system automatically adjusts the belt tension to fit the passenger; at the same time, the locking mechanism allows for normal movement and increased comfort. Replaces the lap belt for center passenger in rear seat of 700 Series sedans.

AM/FM Stereo Cassette CR-712

State of the Art electronics are exhibited with an advanced tuner that utilizes a quartz oscillator to lock in the exact frequency desired. Intelligent circuits constantly monitor the FM signal, and adjusts to provide the best possible reception under all conditions. Preset pushbuttons keep a total of 15 stations (5 AM, 10 FM) in memory for instant recall, includes front door speakers.

Speakers We offer a wide range of speakers that allows you to customize your audio system to meet your requirements. Pictured are: **a** Deluxe front door speakers HT-173, 20 watts; **b** Rear hatshelf HT-172, 25 watts; **c** Deluxe rear hatshelf HT-217, 60 watts; **d** 700 Series rear hatshelf, 30 watts; **e** Deluxe rear 700 Series hatshelf, 60 watts. Not shown—20 watt rear wagon speakers.

Equalizer Seven Band Mechanical—this state-of-the-art "tone control" splits the frequency range into seven areas thereby allowing for a more refined setting of tone. This accessory is a must for the most discriminating audiophile.

Cassette Storage Box
Custom Grille
Power Antennas

Amplifiers HA 4020—4x20 watts, provides 20 watts per channel to each of the two front speakers, and 20 watts to each of the rear speakers. HA 6115—2x15 watts is specifically designed for the addition of rear speakers in a 240, with the front speakers being powered by the 2x8 watt amplifier built into the CR-712 radio chassis.

AUDIO

The audio system you choose for your Volvo must be designed to operate in a special environment—your car's interior. All of the components listed here have been specifically designed by Volvo for use in Volvo cars; take your pick.

"X" Pattern Alloy Wheels (7" x 15")

This new 15" multi "X" pattern alloy design adds European flair to your Volvo's appearance. Recommended tire sizes 195/60-15 or 205/60-15.

7" x 16" Alloy Wheel Our traditional five spoke design has been expanded to a larger 7" x 16" lightweight alloy wheel. Allows for the installation of wide, low profile, high performance tires. Recommended tire size 205/55R 16.

If you wish, enhance the sporty aspects of your Volvo with sports wheels, special instrumentation, a leather steering wheel or a body kit...just to mention a few.

- Transmission Oil Cooler
- Engine Oil Cooler
- Ambient Temperature Gauges
- Clock 52 mm
- Fuel Economy Gauge
- Oil Temperature Gauges
- Tachometers
- Instrument Mounting Kits
- Leather Shift Boots
- Shock Kits (Firm and extra firm)
- Leather Steering Wheels
- Turbo Alloy Wheels
- GL Alloy Wheels
- Decor Panel-between tail lamps
- Limited Slip Differential (non turbo)

Turbo+ Increases engine output by 20 horsepower at levels above 3000 rpm, by increasing turbo boost pressure from 10.5 psi to 14 psi. In other words, passing performance is enhanced in a gradual manner. (Turbo models only.)

Aero Body Kit Enhances the sporty aspects of your 740 sedan or wagon. Complete kit consist of front and rear spoilers (under the bumpers), as well as side panels that hug the ground. Kits are ready to paint, to match or complement your car's exterior color.

Battery Blanket

Block Heaters

Grille Covers

Power Sunroof (GL)

Vent Cover (cowl intake)

Mud Flaps—rear

Side Window Deflectors

Fog Lights Volvo all-weather clear lens, halogen lamps cut through bad weather. Mounted below the bumper for protection and visibility, they add a sporty touch to your Volvo's appearance.

Air Conditioning Drive in comfort all year long with an air conditioning system that utilizes all existing ductwork in your Volvo's ventilating system. And because of that fact, you lose no legroom, and the interior decor is unchanged. (240 Series, Canada only)

Sunroof Wind Deflectors Enjoy the great outdoors, but reduce glare, wind noise and drafts with your sunroof open. Our wind deflector has a smoke tint that complements any exterior color, and conforms perfectly with the roof contour.

Rear Window Shades Provide sun relief for rear seat passengers at the same time increasing the efficiency of your air conditioning unit, with rear window shades. Cannot be installed in conjunction with hatshelf speakers. (Sedans Only).

WEATHER

No matter where you live... north, south, east or west... we have accessories that will help you deal with special climate related problems associated with your area.

TRAVEL AND LOAD CARRYING

Vacation time or short weekend trips often require additional load carrying features for either a sedan or wagon. This section offers a complete line of accessories that provide extra capacity for increasing load carrying ability for bikes or boats or more occupants.

Removable Load Carrying System Strong, durable and versatile, this system can be used alone or in conjunction with optional ski adaptor, load carrying basket, bike adaptor, and a locking kit (shown), to keep the system secure. Soft rubber gutter rail protectors avoid scratching your car's finish. (Load limit 220 lbs./100 kg.)

Auxiliary Seat Convert your five passenger Volvo wagon into a roomy seven-seater providing space for two children. Seat folds down and out of sight when not in use. Comes complete with armrests, seat belts, and integrated headrests. Colors to complement your interior.

Permanent Roof Racks Increase your wagon's load carrying capacity with a permanently mounted roof rack. Available in bright stainless steel or matte black, these racks complement any exterior color. The support bases are treated with a chrome alloy to resist corrosion. (Load limit 110 lbs./50 kg.)

Dash Trays

Cruise Control The Volvo cruise control features a totally integrated control system built into the directional/high beam lever. A simple slide switch engages the cruise control. Applying the brakes or clutch automatically disengages the mechanism. "Memory" feature permits you to resume speed after slowing down or stopping by simply moving the switch to "Resume."

Sheepskin Seat Covers You will be cool in summer and warm in winter because our 100% Merino wool is a natural insulator. Its breathing action allows a free flow of air between you and the seat, affording you a level of comfort that is unsurpassed. Available in three colors (Beige, Black, Blue/Grey). Sets are available for front seats and come complete with matching headrest covers.

COMFORT AND CONVENIENCE

Here we offer many items that will make your driving experience a little more enjoyable. Pamper yourself with sheepskin seat covers, or on the more practical side, perhaps a dash tray to keep your coins in order.

CARE AND MAINTENANCE

Keep your Volvo in "showroom" condition with a complete line of car care products...polish, wax, car wash...designed to protect your new car's finish. Protect the inside too, with thermoplastic floor trays, or plush mats, as you require...but most important, all of these accessories will protect your investment.

Floor Trays Our Thermoplastic Mats are contoured for an exact fit and maximum protection for your original carpeting. Raised border and waffle pattern traps dirt, water and snow.

Sets of four, front and rear, in colors to match your interior.

Car Care Kit All products are specially formulated, tested, and approved by Volvo for use on Volvo cars.

Each kit includes car wash, polish, paste wax, wheel cleaner, a wheel brush, cotton towel, sponge and complete instructions for use.

Car Polish
Car Wash
Liquid Polish
Paste Wax
Alloy Wheel Cleaner
Coolant/Antifreeze
Dot 4—Brake Fluid
Gas Line Antifreeze (US only)
Water Pump Rust Preventative (US only)
Windshield Washer Solvent (US only)
Plush Cargo Mats (wagons)
Vinyl Cargo Mats (wagons)
Trunk Mats (sedans)
Fuse Kits

Plush Mats Add a distinctive touch of luxury to your Volvo and protect your investment as well. Our plush mats are foam backed to prevent moisture from penetrating down to the original carpeting. Available in colors to match your car's interior. Supplied in sets of four. (Std. in 700 Series)

Car Covers We offer two types of car covers... "Weatherguard" and "Sunguard"... depending on the type of conditions that will be experienced. Weatherguard (pictured) is a heavy duty cover that is excellent for all seasons, water repellent as well as mildew proof. Sunguard is an effective barrier against the sun, dust, and some environmental pollutants. A locking kit is available for either of the above.

Small Gift Items **a** Volvo Key Chain of Alpaca silver. Volvo in mini-grille and key holder with threaded screw. **b** Volvo Key Chain with Jacob PV 1927 molded in plated metal. **c&d** Metal Model Cars 760 Sedan and 740 Wagon. Front doors and trunk or hatch that opens to reveal the interior. **e** Porcelain Mug—in Slate Grey with Volvo and stripes in silver. **f** Volvo Flashlight—Watertight, it floats. Requires two "D" batteries—not included. **g** Volvo—760 GLE—Full lead crystal—made just for Volvo in a limited edition by Reijmyre Glasbruk AB—producers of fine Swedish crystal since 1810.

Totes and Umbrella **a** Our golf umbrella is made of 100% nylon, has Volvo on every other panel and comes complete with a wooden handle and clear plastic sheath for storage. **b** Satchel Tote and **c** Open Top Tote Both made of Andura Nylon in midnight blue with contrasting silver accents. These lightweight bags are perfect for the active Volvo owner.

Luggage Our soft luggage collection blends fashion with styles that will fit everyone's travel needs. Made of tough, practical Ballistic Nylon in a warm grey tone that is trimmed with genuine top grain leather. **a** Garment Bag Holds three suits or five dresses—comes complete with hang up hook and hangers. **b** Club Courier This bag has five compartments, perfect for cameras or any other treasures. **c** Expandable Pullman As shown above, bag is only about 8" deep, but it expands to over 24". Handy when on vacation. **d** All purpose bag perfect as a carry-on piece for air travel, or travel to the tennis courts.

PERSONAL

Welcome to Volvo's Personal Accessories Collection. Each item has been created and custom manufactured to Volvo's specifications using materials and designs that reflect the Volvo sense of style, practicality, durability and value, that you have come to expect. See your dealer for ordering details.

Snug Jacket Relaxed European fit features raglan sleeves tapered to knitted waistband and cuffs. Four pockets—one inside—three outside, close with YKK zippers. 60% cotton, 40% polyester. Available in grey; Men's sizes, small to x-large; Ladies sizes, small to large.

Snug Sweater 100% wool with poplin accents, has deep front zippered pockets. Available in red, in unisex sizes from x-small to x-large. (Shown inside of jacket)

Twill Caps Available in cord (shown) or twill with mesh back. Both available in navy or grey, with an adjustable strap—one size fits all.

Shirts **a** Pique Knit machine washable, 100% cotton, Men's colors—white or navy; Ladies' colors—white, purple or pink.

Sizes—Men's—small to x-large; Ladies—small to large.

b Ladies' Striped Shirt delicate pastel striping, scalloped collar, and enameled sport snaps, gives this shirt a distinctively feminine touch. Available in a combination of blue/pink/green, with white trim. Sizes from small to large in 100% cotton. **c** Butter Jersey Features contrasting color on collar, and sleeves for added interest, in 100% cotton. Available colors—white, navy, royal. Sized same as pique knit noted above.

d Men's Tattersall A classic standout—100% cotton. In men's sizes only, from small to x-large. Colors—navy/turquoise/white or dove grey/white/crimson.

Twill Shorts Enjoy everything you do in our versatile all purpose short. Featuring vented legs, adjustable elastic drawcord waist, tapered side seam pockets, and a Velcro seal back pocket. This machine washable short is available in either white or navy, in unisex sizes from x-small to x-large.

Warm-up Suit Features flexible accent collar, knitted waistband and cuffs with lots of pockets. Machine washable Velour is 93% cotton/7% Polyester. One color combination of navy/grey/red is sized for men from small to x-large and women, from small to large.
