

VOLVO

1990 Accessories

Comfort/Convenience

What distinguishes Volvo owners?

FIRST, Volvo owners have interests that range from performance driving to skiing, antiquing to camping. Whatever your interests, there's a genuine Volvo accessory designed to complement your lifestyle as well as fit your Volvo, making your driving experience more comfortable and enjoyable.

SECOND, they're less interested in current fads than in solid value that lasts a long, long time—the kind of value that's built into every genuine Volvo accessory. You'll enjoy years of dependable use—with the bonus of adding to your Volvo's resale value.

THIRD, owners prize Volvo quality, reliability, safety and comfort. And just like the automobile, every genuine Volvo accessory shown in this catalog has been put through the most stringent testing by Volvo engineers to meet their highest quality standards.

Volvo owners demand quality, performance and value. And genuine Volvo accessories are built to satisfy the most demanding Volvo owner.

Genuine Volvo Accessories. Everything you could want in a Volvo.

SHEEPSKIN SEAT COVERS ▶

Give in to the cloudlike softness of genuine sheepskin seat covers. These 100% Merino wool covers will keep you comfortably warm in winter, cool in summer. Easy to install, remove and clean; available in black, beige and blue/gray.

ROSEWOOD PANEL KIT ▶

The warmth of rosewood adds beauty and elegance to the cabin of your Volvo. The wood grain of each door panel/dash trim set is carefully matched for a custom fit, with rosewood veneers laminated to lightweight aluminum to meet Volvo safety standards.

▲ **700 SERIES 2x2 ARMREST**

Every trip is a pleasure with this dual-purpose armrest. Made of comfortably soft integral foam, the armrest features integrated cup holders for driver and passenger use. Available in colors to blend with Volvo upholstery.

▼ **HEADREST CUSHIONS**

Cradle your head and pamper yourself with these premium quality foam padded cushions. Color-coordinated in original upholstery to match both color and texture of your Volvo's interior. Easy to clean. Velcro closure for easy installation.

Comfort/Convenience

▲ AIR CONDITIONING

Enjoy the luxury of total temperature control over your driving environment. Stay cool and drive in comfort on even the hottest days; in winter, enjoy an instantly defrosted windshield. Volvo air conditioning is totally integrated with your Volvo's heating/ventilation system.

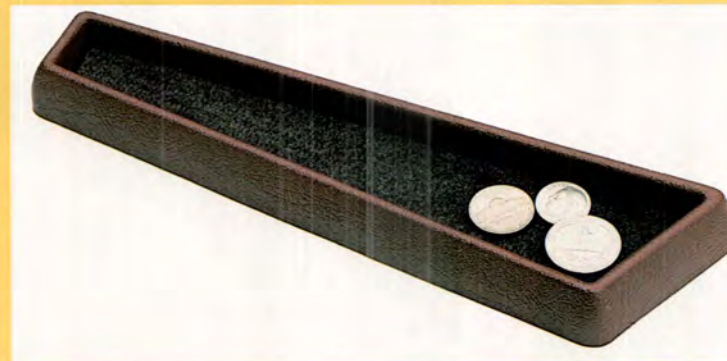

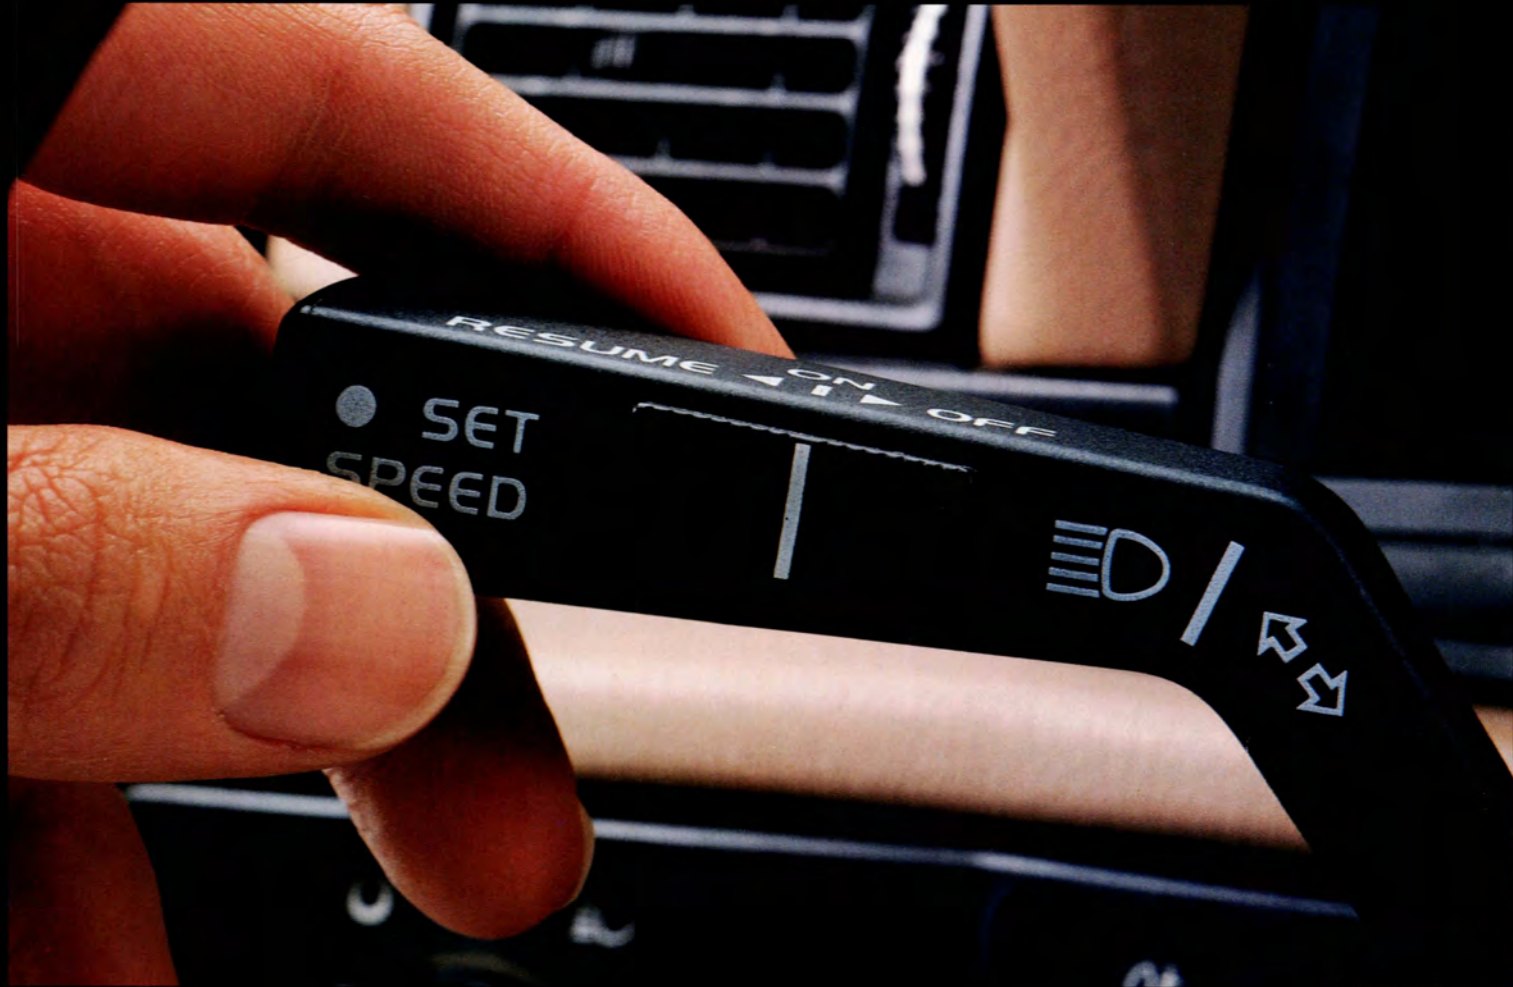

◀ POWER MIRRORS

Adjust your outside door mirrors effortlessly at the touch of a button, without lowering the window or moving out of your driving position. On 700 Series, heating elements automatically demist mirrors and melt ice and snow when rear window defroster is activated.

▶ DASH TRAY

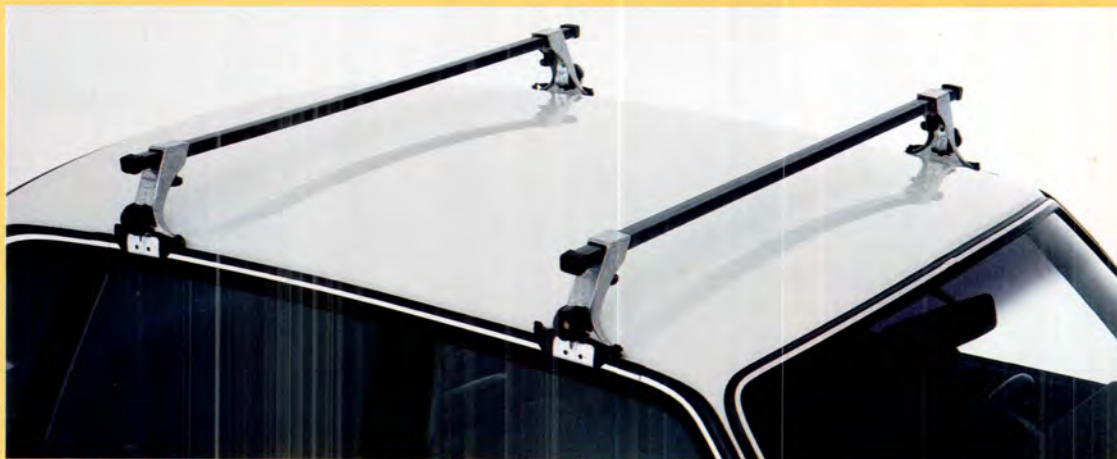

Tidy up car clutter in your 740 with this handy dashboard tray. Holds keys, coins, receipts, cards and other small objects. Conveniently mounts on dashboard. Available in beige, black, blue, red and grey.

Travel/Towing/Load Carrying

LOAD CARRIER SYSTEM

Ever need to carry bikes, skis, a sailboard or extra luggage? Here's the most versatile roof-mounted load carrier system ever designed. Extremely strong and durable, this removable system can carry up to 220 lbs./100 kg. when evenly distributed. Features plastic-coated steel tubing to protect loads from scratching and chafing. Locking knobs and keys available for extra security. Can be used alone or with assorted optional adaptors: (clockwise, from top left) Bicycle Rack holds up to four bicycles; Sailboard Adaptor; Lockable Ski Adaptor holds up to four pairs of skis; Basket end rails can be lowered to permit loading oversized cargo, and Luggage Net keeps baggage secure with 12 plastic quick-fasten hooks.

WATERPROOF LUGGAGE COVER

(not shown) Make sure your roof-top luggage is protected from the elements. This heavy-duty, zippered vinyl cover is wind- and water-proof and features a metallic silver color to reflect sunlight.

LOCKABLE SKI RACK

For the Volvo owner who skis, here is the safe and convenient way to carry your skis to the slopes. Made of corrosion-resistant, zinc-plated, black polyester-coated steel for maximum protection against the harsh elements of winter. Built-in lock cylinders feature protective plastic caps. Capacity: six pairs of skis. Will fit over the permanent roof rack.

PERMANENT ROOF RACK

Haul another load on top and increase your wagon's carrying capacity with a permanently mounted roof rack. Strong, handsome and maintenance-free, this is the perfect companion piece to the auxiliary seat. Available in bright stainless steel or chip-resistant powder black.
240 load capacity:
110 lbs./50 kg.
700 series load capacity:
70 lbs./31.8 kg.

Audio Accessories

◀ DELUXE SPEAKER KIT

Engineered and designed specifically for the Volvo's interior, these 5"x9" full range speakers help to maximize the vehicle's inherent acoustical environment. Rated at 40 watts and housed in a unique noryl resin box, these speakers represent the top choice for discriminating listeners. Installs easily in the rear hatshelf of your 240, 740 or 760 sedan.

▶ CASSETTE CLEANING SYSTEM

Get the most fidelity at all times with regular maintenance of your Volvo's audio cassette mechanism. No more struggling with cotton swabs and rubbing alcohol. This Allsop 3" non-abrasive "wet" cleaning system was designed to provide a thorough cleaning of the most important drive points and audio magnetic heads.

▲ CASSETTE STORAGE BOX

Here's a convenient and practical solution for cassette storage problems that keeps tapes well within reach. Holds up to five audio cassettes while taking up only about half of the armrest storage compartment. Built-in tape hub keeps tapes from tangling inside the deck. Pop-out design enables easy removal to take cassette storage box out of the car.

▲ POWER ANTENNA

Here's a convenience that every serious audiophile with a 240 sedan will appreciate. A power antenna that automatically extends and retracts when the radio is turned on or off. Provides excellent stereo reception.

▼ GRAPHIC EQUALIZER

Enjoy customized personal listening with the Volvo graphic equalizer. Designed to meet the most demanding audio needs, the graphic equalizer plays a vital role in helping to create ideal sound reproduction. Seven slide controls provide acoustical boost or softening of any of the designated frequencies. For the discriminating audiophile, brings your musical tastes and your audio system closer together.

▲ **AM/FM CASSETTE RECEIVER, AMPLIFIER,
DUAL CONE SPEAKERS**

Designed to be user-friendly, the **CR-712 AM/FM Cassette Receiver** combines advanced ergonomic styling with superior reception and sound reproduction qualities. "Smart Circuits" are used to provide automatic adjustment to both tuner and audio circuitry to insure greater listening pleasure over a wide range of reception circumstances. Standard in 240 DL.

The **HA-6115 Amplifier** gives you more "reserve" power to drive rear speakers than a standard radio's built-in amp. This gives you greater audio fidelity, less overall distortion and less strain on speakers.

The addition of **Dual Cone Rear Speakers** allows the driver to adjust music output to better accommodate occupant preferences. Rear Hatshelf Speakers (HT-172) for sedans and Rear Door Speakers (HT-174) for wagons.

Weather

◀ FOG LIGHT KIT

Don't let fog, heavy rain or snow limit your nighttime driving vision. Volvo fog lights increase visibility and reduce glare to offer that extra measure of safety and security in inclement weather—and their sporty appearance enhances the look of your Volvo year 'round.

▶ MUD FLAPS

Protect your Volvo's fenders from mud and stone chip damage with these thick black vinyl mud flaps. Lightweight and tear-resistant; custom-molded to match the contours of the car.

▶ COWL INTAKE COVER

Now you can be assured of proper ventilation despite snow or fallen leaves. This cowl cover acts as a cap for the intake vent and enables easy cleaning. Snaps into place without drilling or screws.

ENGINE BLOCK HEATER

(not shown) Take the frustration out of extreme cold-weather starting and reduce the strain placed on a cold engine. Features a heavy-duty, six-foot grounded electrical cord. Operates on normal (110V) household current.

GRILLE COVER

(not shown) Warm up your Volvo's engine and heating capacity quickly in bitter cold weather with this transparent, chip-resistant PVC plastic grille. Keeps out corrosive road salt and dirt.

REAR WINDOW SHADES

(not shown) Protect your rear seat passengers from the sun's heat while you help your Volvo air conditioner cool more efficiently. These elegant, roll-out sun shades shield your Volvo's interior from heat and sun damage without hampering visibility.

▶ WINTER TIRES

For superior wet weather traction, Volvo offers Gislaved winter tires. Developed to meet the demanding conditions of cold Swedish winters, Gislaved winter tires are designed to help maintain your Volvo's driving and braking characteristics in ice and snow. Mounted and balanced on Volvo steel rims, they are also studable (where and when permitted.)

▲ **POWER SUNROOF**

Increase the enjoyment of your sunroof with this power sunroof kit. Hand crank is replaced with a precision motor assembly that enables complete operational control of your sunroof from a dashboard-mounted switch.

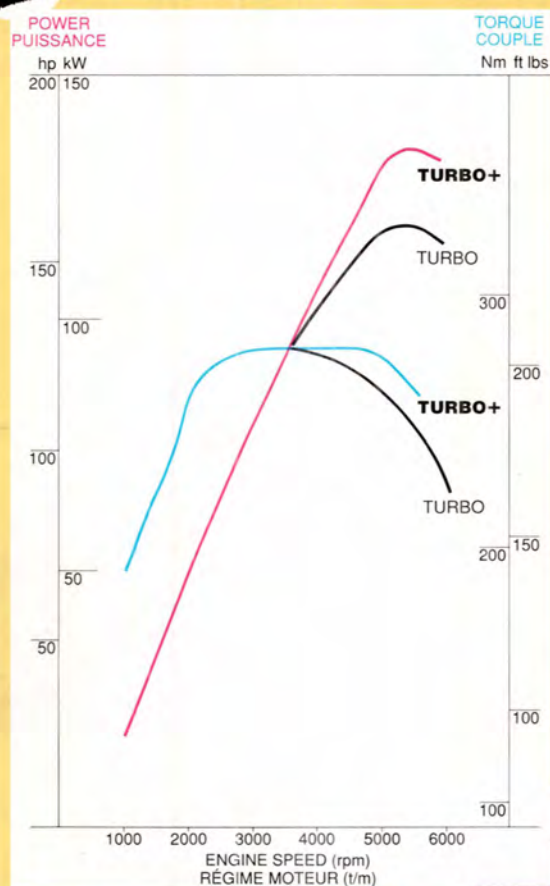

▲ **SUNROOF WIND DEFLECTOR**

The perfect accessory to get more fun from your sunroof. Smoke-tinted wind deflector reduces wind noise, drafts and glare. Durable acrylic conforms perfectly to roof contour.

▲ **SIDE WINDOW WIND DEFLECTOR**

Now you can cut wind noise and glare, even drive in the rain with the window partially open. Made of durable, tinted acrylic plastic, these window deflectors are attached with double-sided tape in either chrome or black to match exterior trim.

GT Sport/Handling

LIMITED SLIP DIFFERENTIAL

Give your Volvo an extra "drive wheel" for positive traction in mud, sand, rain, ice or snow. Limited slip differential provides maximum horsepower transfer to both rear wheels. (Not compatible with, or approved for installation on turbocharged models.)

TURBO+ ▲

Now you can dramatically increase the output of your 160 hp turbocharged Volvo and gain a 20 horsepower boost to 180 hp at 5400 rpm without severe engine modification. Turbo+ kit increases turbo boost pressure from 10.5 psi to 14 psi, with a torque increase to 187 ft.lbs. at 2900 rpm. Performance is enhanced when accelerating and passing, but the unit is not activated under normal or city driving conditions, thereby saving fuel. (manual transmission only)

▼ REAR DECK SPOILER

This rear deck lid-mounted spoiler adds to your Volvo's sporty appearance. Made of soft polyurethane foam rubber, it helps improve your Volvo's aerodynamic wind resistance.

▼ DECOR PANEL

This red non-reflective panel unifies the area between the rear taillight assemblies to provide a clean, sporty appearance on 240 and 740 sedans. It's constructed of the same materials as the existing rear taillight assemblies for a perfect factory match, and does not interfere with the license plate lighting.

▲ **AERO BODY COMPONENT KITS**

Add to the sleek, sporty appearance of your Volvo 740 sedan or wagon while enhancing its distinctive body lines. Individual component kits include front spoiler skirt, rear spoiler skirt, and side panels that improve your Volvo's ground effects. Proper installation maintains the integrity of 5 mph bumpers and Volvo Corrosion Limited Warranty. The kits are ready to paint, to match or complement your Volvo's exterior color.

GT SHOCK ABSORBERS

(not shown) High performance 240 Volvo GT shock absorbers offer increased stability for outstanding road handling without greatly reducing driving comfort. Designed to tolerate greater stresses and help hug the road, all driving enthusiasts will welcome these very responsive shocks.

GT Sport/Handling

STEERING WHEELS

(Models without SRS only)
If you're a real "hands-on" driver, these sporty steering wheels will add to the enjoyment of your Volvo by increasing hand grip control. Made from thick northern Italian soft glove leather, these reduced-diameter wheels translate into quicker steering response and provide more driver leg room.

◀ 3-SPOKE STEERING WHEEL

14"/350 mm diameter.

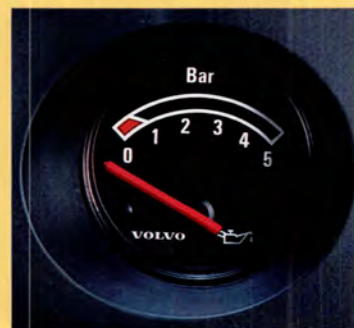

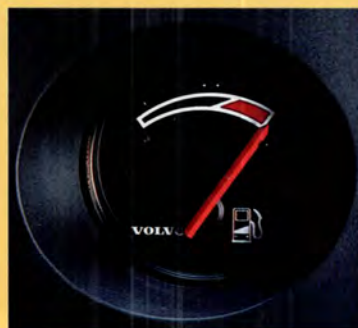

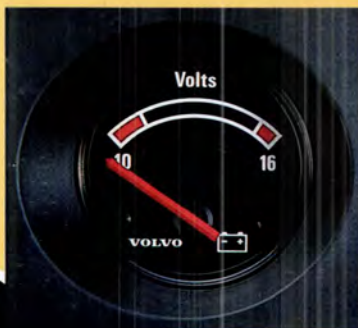

◀ 4-SPOKE STEERING WHEEL

14³/₄"/370 mm diameter.
740 series.

ALLOY WHEELS
Ride in even greater comfort and enjoy more responsive road handling. These precision-crafted, high strength aluminum alloy wheels were designed by Volvo engineers to reduce unsprung weight, resulting in better performance. Open design improves air flow, dissipating heat faster for improved brake cooling. Precision machining assures these wheels are true round for maximum tire life. Coating is corrosion- and chip-resistant. 7" width widens track for performance feel and look.

7"x15" MULTI-SPOKE ▶ ALLOY WHEEL

7"x16" 5-SPOKE ▶ ALLOY WHEEL

◀ INSTRUMENTATION

For the real performance driving enthusiast, Volvo gauges are designed to monitor vital engine functions as well as complement the dashboard. Available options include tachometer, oil pressure gauge, voltmeter, and clock.

Safety/Anti-theft

◀ CENTER REAR THREE-POINT SEAT BELT

Add to the security of your middle rear seat passenger with this three-point seat belt for 700 series sedans. Designed to spread the force in a frontal collision more evenly across the chest and pelvic areas, it rolls up neatly out of the way when not in use. Automatically adjusts the belt tension to fit the passenger while enabling normal movement and increased comfort.

SECURITY SYSTEM ▶

A motor vehicle theft occurs on the average of once every 26 seconds! Provide extra security to your Volvo with this vehicle security system and reduce the risk of theft or break-in. The alarm is triggered by moisture-resistant magnetic switches for hood and trunk, as well as integrated door switches and impact sensors. The system can be activated manually or automatically.

CHILD CUSHION ▶ AND BACKREST

When your child outgrows an infant car seat, you'll prize the peace of mind this cushion and backrest provide. Enables your little passengers to ride facing forward at the proper seating height, using standard three-point seat belts. Helps prevent injuries from sudden stops.

SEAT BELT ADJUSTER
(not shown) If you or a passenger are of less than average height, the Volvo seat belt adjuster can add to your comfort and convenience. Easily installed, this kit lowers the upper attachment point for convenient usage in your 240.

Safety/Anti-theft

TRAVEL KIT ▲

Set your mind at ease when you carry this special kit of items carefully selected for their usefulness in coping with common highway emergencies. Includes repair wire, elastic tie-down cord, electrical tape, fire extinguisher, cotton gloves, poncho, spotlight, towel, safety flasher and instruction card. All packaged in a convenient, soft, charcoal-grey carrying case with space available for additional Volvo parts such as drive belts, bulbs and fuses.

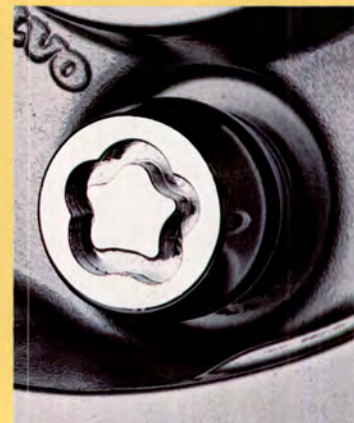

LOCKABLE GAS CAP ►

Don't be the victim of theft or vandalism. A Volvo locking gas cap is the sensible way to protect your car's fuel. Made of bright corrosion-resistant material and furnished with two keys.

LOCKING ► LUG NUTS

Protect your wheels from theft with these chrome-plated, locking wheel nuts. Unaffected by road salt or dirt. Available in sets of four with special wrench socket that enables you alone to remove wheels.

CARGO COVER ►

Keep the contents of your station wagon safely out of sight with this security cover.

Made of cloth-reinforced vinyl, it retracts when not in use to a special storage tube behind the rear seat. Can be easily removed to accommodate oversized loads.

Colors to complement all interiors.

Care/Maintenance

▼ CAR COVER

Cover up your Volvo to keep it clean and protected. Our uniquely designed "Weather-Guard" cover is water-repellent, mildew-proof and resistant to smog and acid rain. Features an anti-theft trunk lock and a clear plastic rear license plate viewing port. Comes with its own storage bag that locks in the trunk, and aids in cover installation. Also available—a steel-braided, vinyl-coated, **locking cable kit** for added security.

► PLUSH FLOOR MAT SET

Don't let your car floor be a catch-all for tracked-in dirt, sand, road salt and water. With luxurious, custom floor mats you can protect your Volvo's carpeting and trap unwanted grit and grime for convenient disposal. Precision-fitted, impervious to water, easy to vacuum and shampoo.

▲ TOUCH-UP PAINT

Keep your Volvo's finish looking new with touch-up paints for small areas and spray paints for larger areas. Touch-up paints have a built-in applicator brush with each bottle. Colors available to match your Volvo's original finish.

◀ CAR CARE KIT

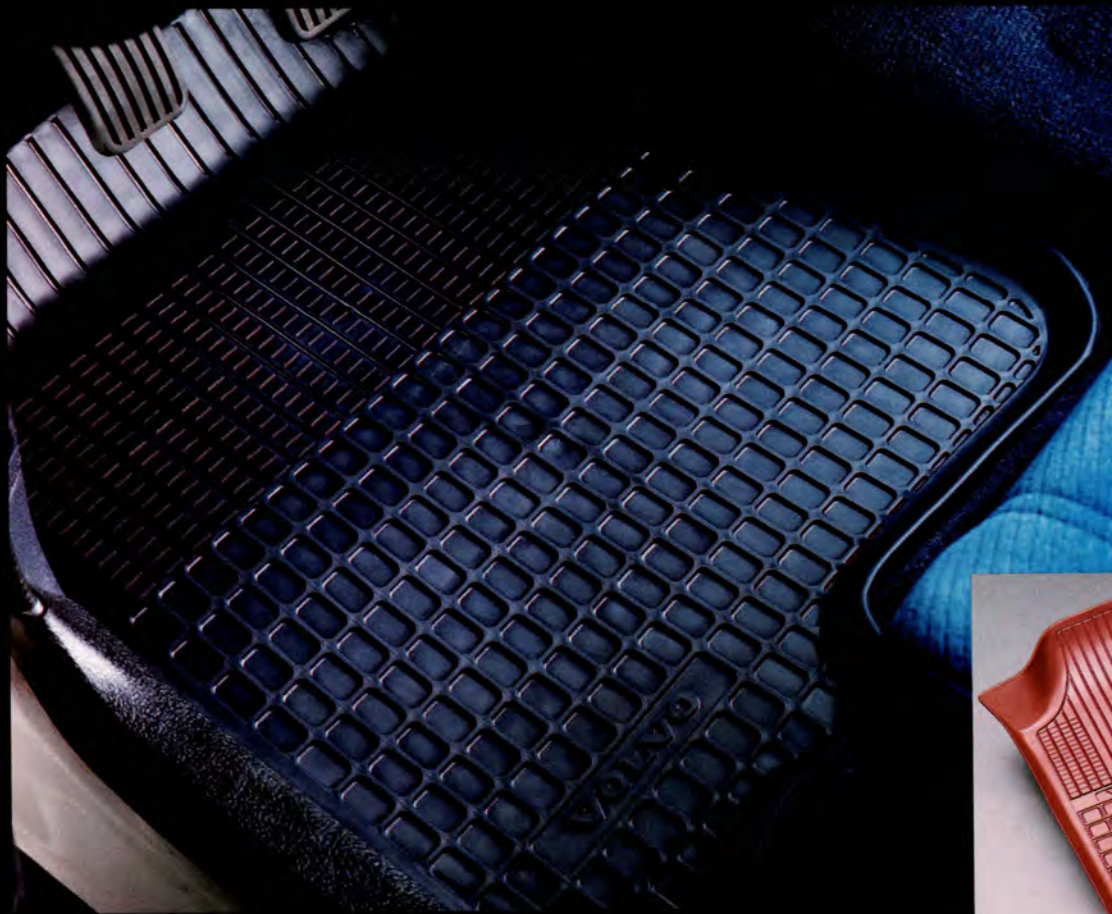

Take pride in your Volvo and keep it looking new indefinitely. There's nothing better to beautify and enhance its appearance than the genuine Volvo car care components of this handy kit. Includes car washing fluid, liquid polish and paste wax, all designed and tested to work best with Volvo paints and finishes. Also included are aluminum wheel cleaner, wheel brush, cotton terry towel and sponge. Total car care made easy!

FUSE KIT

(not shown) Handy emergency fuse kit is easy to store. Every Volvo owner should keep a set in the glove box or travel kit.

▲ MAINTENANCE AND APPEARANCE CHEMICALS

Show you care and use the best. These products were specially formulated by Volvo for optimum performance. Volvo coolant, windshield washer anti-freeze solvent, brake fluid, cooling system rust preventative/water pump lubricant, and gas line anti-freeze, all for your Volvo's general maintenance. Volvo wheel cleaner, car washing fluid, paste wax and liquid polish to protect and beautify your Volvo's finish.

FLOOR TRAY SET ▲

Protect your Volvo's carpeting with these sturdy, deep well, thermoplastic floor trays. Contoured for an exact fit and maximum protection, they trap grit, grime, water and snow for convenient disposal.

Studded bottom surface prevents slipping, yet they're easy to remove and clean.

CARGO MAT ►

Protect the interior of your station wagon's cargo area from dents, scratches, spills and stains. These heavy-duty mats are virtually indestructible. Designed to fit around wheel wells and protect the original carpet when carrying cargo, they may also be used when the rear seat is raised. Available in black vinyl, grey Polypropylene or plush carpet in colors to complement all interiors.

CARGO TRAY ►

Here's the perfect way to protect the cargo area of your 240 or 700 station wagon from the ravages of mud, sand, moisture and other natural elements. The Volvo Cargo Tray is molded in a waffle pattern from a durable, lightweight thermoplastic/rubber compound. Features include a contoured edge for maximum protection, and distinctive Volvo logo. Tray can be removed quickly for easy cleaning. Black only.

Personal Accessories

PERSONAL ITEMS

Show the world you're a proud believer in Volvo. Black **Parker Vector pen** with Volvo logotype. From **Cross Pens**, distinctive gold-filled writing instruments with Volvo logo; also available in handsome grey or black. Smart **lapel pin** in blue enamel or gold plate. A variety of **Volvo key chains**. **Pocket knife** is handsome, handy and triple-bladed, with gold-plated engraved handle. **Signature necktie** (not shown) sports the Volvo logo woven on a navy blue field.

GIFT IDEAS

Whimsical **wooden Viking** handcrafted in Scandinavia. Brass-plated **enameled keyring** features blue Volvo logo on a white field. **Reversible leather belt** with engraved goldtone logo switches from blue to grey.

CLOTHING

Well-made classic styles emblazoned with the Volvo logo. Available in a wide variety of colors and styles, they make a perfect gift for the Volvo enthusiast.

(Top row, l. to r.)
V-neck pullover sweaters of Orlon acrylic. 100% combed **cotton interlock shirts**. Accent-striped **pique knit custom shirts**.

(Bottom row, l. to r.)
 Long-sleeve **henley collar fleece shirts** with knit cuffs and waist. **Light jackets** of polyester/cotton with nylon lining, set-in zipper. Long-sleeve **rugby shirts** in 100% cotton. **Aspen winter jacket** in cotton/ polyester with elastic wrist and waistband, secured pockets.

◀ 740 PEDAL CAR

Delight "drivers" age 2-6 with this replica Volvo 740. Molded of impact-resistant plastic and covered with a high-gloss red acrylic finish.

▼ SMALL GIFT ITEMS

These practical, attractive accessories make the perfect gifts for the Volvo fan. **Volvo flashlight**—so watertight, it floats. Genuine handcrafted **Dala horse** from Mora, Sweden is 5" high and gift boxed. **Volvo mug**. **Volvo 240/740/760 models** for the collector. **1927 Jakob model paperweight** of antique oxidized metal on a wooden base. **Volvo 760 GLE** in full lead crystal, a limited edition by Reijmyre Glasbruk AB of Sweden. **Volvo signature golfballs** are quality Titleist 384DTs.

▲ LUGGAGE

Here's the Soft Luggage Collection that you've been looking for. Each piece has been designed to blend fashion with styles that fit everyone's needs. Made of tough, durable Ballistic Nylon. **Garment Bag** will hold three suits or five dresses. **Club Courier** is an all-purpose bag with five separate compartments. **Expandable Pullman** can "grow" to three times the original size. **Square Top Duffel** is ideal for tennis or airline carry-ons.

◀ GOLF UMBRELLA AND TOTES

Here are some practical quality gifts that are perfect for every Volvo owner. Our **Volvo Golf Umbrella** is made of 100% nylon, and comes with wooden handle and clear plastic storage sheath. The lightweight **Round Duffel** and **Open Top Tote** are available in midnight blue with contrasting silver accents. Both are handsomely identified with the Volvo logotype.
