

# VOLVO

## 1978 ACCESSORIES BROCHURE

# Accessories For The Car You Can Believe In.

How many times have you heard people say: "That's one of the smartest buys I ever made." Usually that statement is voiced just after a need for the product has arisen. And the product in question has fulfilled the requirements of the situation.

That is the premise of the VOLVO Accessories described on the following pages of this brochure. They fulfill a driving need when and where they're needed the most—to give you years of driving enjoyment and satisfaction.

Not every VOLVO Accessory will be used (or needed) around the clock or every time you step into your VOLVO. But, when their need arises, you'll be glad you have the ones that best suit your driving.

Before you review this brochure, we ask that you first review your driving. Think about the who, what, where, when and how of your driving. Then as you consider each of the VOLVO Accessories, consider all the times when they would have been an asset in your driving experiences.

Taking this approach will be well worth the time. Because, you've probably spent a considerable amount of time choosing the car that is the best value for your money. Now choose the accessories that will give you the same.

Once you have determined the type of driving you'll be doing in your new VOLVO, it won't be a difficult task to find the VOLVO Accessories that fulfill your needs in this brochure.

This VOLVO Accessories Brochure is divided into Accessory categories for your convenience. Starting from the front of the book, you can find accessories that will make one of the world's safest cars just a little more so in the **Safety Accessories** section on page 3.

You can select the audio components that will suit your listening taste in the **Audio Accessories** section on pages 4 and 5. There's even a 4-in-1 Audio Center that combines AM/FM/Stereo and 40 Channel CB in a compact, single unit.

If your looking for a little flare as well as increased handling performance, we suggest you look at pages 6-9. There, you find a complete line of VOLVO **GT/Sport Accessories**.

We even have a varying array of special **Weather Accessories** on pages 10 and 11 because we know you'll be driving under varying weather conditions.

And while you're driving, if you happen to be carrying some bulky cargo or a month's worth of luggage for a week's worth of vacation, or a couple of extra kids, you'll find the answer to your problems in the **Travel, Towing and Load Carrying Accessories** section between pages 12 and 15.

But even if you're just doing some plain old around the town driving, we haven't overlooked your need for some accessories that will make run of the mill driving more comfortable and convenient. See the **Comfort and Convenience Accessories** section on pages 16 through 19.

And once you're done driving for the day, you can help make sure your VOLVO will look good and run well with the VOLVO **Care and Maintenance Accessories** like those described on pages 20 and 21.

And finally, we haven't forgotten you either. On page 22, we've provided some **Personal Accessories** that will let you display your pride in VOLVO ownership.

To display **our** pride, we offer a 12 month Limited Warranty as standard equipment with every VOLVO Accessory. It covers replacement or repair caused by defects in workmanship or material for 12 months from the date of purchase or installation, including all labor charges if originally installed by a VOLVO dealer. (See your VOLVO dealer for exact warranty stipulations).

We can make this warranty offer, because every VOLVO Accessory is designed, engineered and manufactured to some of the most stringent quality control standards in the world—VOLVO standards.

See pages 23-25 for a complete listing of available VOLVO Accessories for model years 1967 through 78.

## Safety Accessories

At VOLVO, of all the things that go in our cars, those that we value the most are the people. That's why, over the years, VOLVO has been a leader in designing innovative safety systems—systems that are standard equipment. Like four wheel disc brakes and split triangular braking systems. Like standard roll cage reinforced passenger compartments, rack and pinion steering, inertia real seat belts and even a little light that goes on inside the car when an important lamp on the outside goes out.

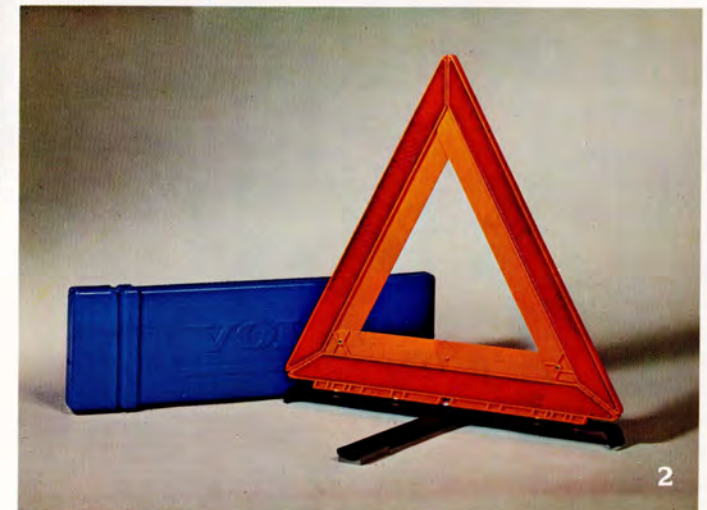

You might say making safety standard is a design standard we live by. It's also the reason why the list of VOLVO safety accessories is understandably short. We offer just two.

### 1. Child Guard

Because children don't always stay buckled up, this restraint prevents them from being thrown forward between the front bucket seats in an emergency stop. Manufactured from shock absorbing foam plastic with tubular steel reinforcement. Mounts to back of driver-side seat frame through pre-drilled holes.

### 2. Warning Triangle

A handy warning device when you are on the roadside. Light sensitive luminous plastic construction. Folds when not in use for convenient storage in provided carrying case. Correct road placement information is permanently illustrated on the translucent case which may be used as a flashlight "sleeve" to signal oncoming cars.

# Audio Accessories

When you purchase a VOLVO Audio Accessory, you're receiving a piece of equipment that has been designed to suit your audio needs. And more. You're receiving a unit that also meets the systems requirements of a VOLVO. And meets the quality and performance requirements of VOLVO. These Audio Accessories are the only ones designed specifically for a VOLVO. Buy VOLVO—the people who know your car best. And provide the best in solid-state audio products like these.

**1. Electric Antenna.** Remote control antenna operates from dashboard switch. Prevents vandalism damage. Not applicable for 4-in-1 Audio Center.

## Citizens Band Equipment

**2. The 4-In-1 Audio Center.** Now, you can go beyond just listening. 4-In-1 Audio Center combines 40 Channel CB with AM, AM/FM, and AM/FM Stereo Radios. Spring steel CB antenna with 3 mounting configurations available separately.

## Stereo Audio

Envelope yourself in stereo sound with any of these stereo units to enjoy the same quality of listening pleasure in your VOLVO as you would in your home. Door-mounted stereo speakers are standard factory installed equipment on all VOLVOS, but for those who want the encompassing effect of total stereo, optional stereo rear speaker accessories are available. (See below)

**3. AM/FM/Stereo Radio.** Push-button station selection. Stereo indicator light. Balance and tone controls.

**4. AM/FM/Stereo Radio with Cassette Player.** Push-button station selection. Automatic tape reversing. Stereo indicator light. Balance, tone and tape advance controls.

**5. AM/FM/Stereo Radio with 8 Track Tape Player.** Push-button station selection. Stereo indicator light. Balance, tone and track selection controls.

**6. AM/FM Radio.** Push-button station selection (three FM, two AM). Tone control. AM radio available but not shown.

## Rear Speaker Accessories

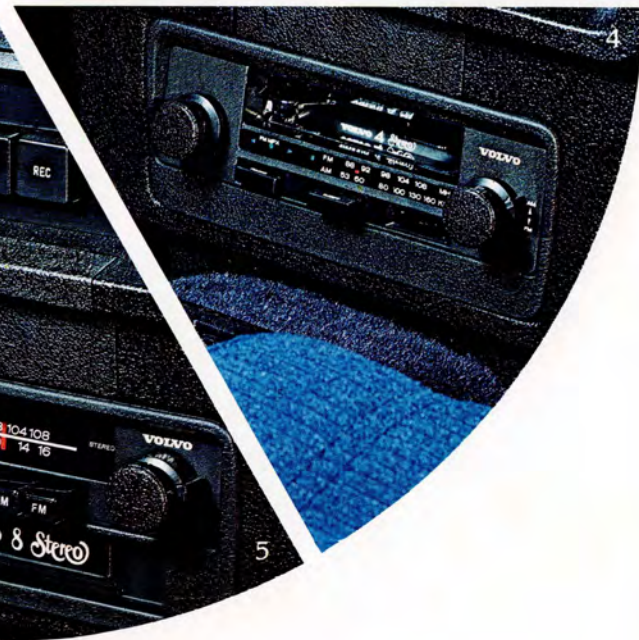

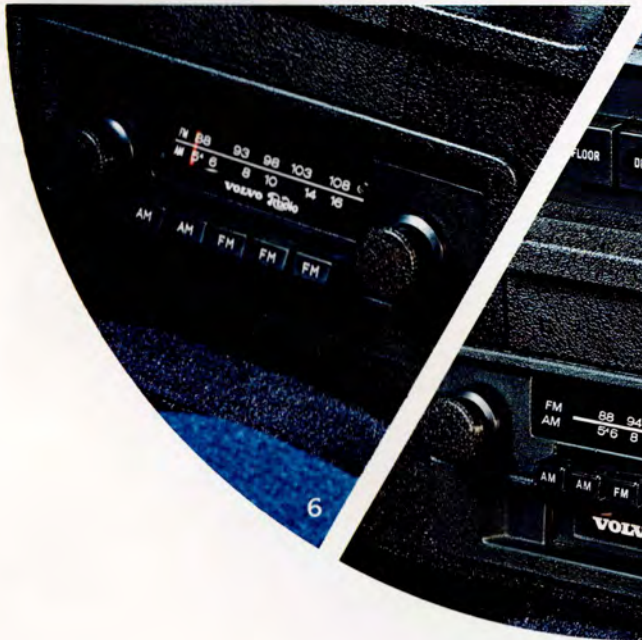

**7. Flush Mounted Rear Speakers.** Flush mount on rear window shelf. Includes two high quality speakers capable of handling 15 watts of RMS peak music power. Balance control switch provided.

**8. Power Booster.** In-line amplifier allows the radio amplifier to operate in the lower end of its output range for greater frequency response, higher fidelity and less distortion. 20 watts per channel RMS.

**9. Deluxe Stereo Rear Speakers.** A 20 watt multi-element speaker enclosed in a tuned chamber. Controls resonant frequency and eliminates transient interference between the two speakers functioning in a common enclosure. Two required.

## GT/Sport Accessories

VOLVO builds cars for people who think. And, after test driving a new VOLVO, one of the most common thoughts we've heard from people is that a VOLVO is fun to drive.

Part of the fun comes from the responsive handling of a McPhearson spring strut suspension system coupled with rack and pinion steering. Other comes from the performance of the continuously fuel injected overhead cam four cylinder or V-6 aluminum head engines.

These VOLVO GT/Sport Accessories can make driving your VOLVO even more enjoyable, while adding increased safety and road holding performance.

### Performance Monitoring Accessories

These accessories will tell you everything you ever wanted to know about your engine performance but didn't know how to ask.

- 1. GT Instrument Panel.** Complete unit replaces normal panel. Includes six gauges (speedometer, tachometer, voltmeter, temperature, oil pressure and gas tank gauges). Plus eight indicator lamps and odometer and trip odometer. Yellow lettering on black background. Reflection-free glass.
- 2. Tachometer.** Installs in special compartment of standard instrument panel. White numerals on black. Reflection-free glass.
- 3. GT Steering Wheel.** Smaller diameter than standard wheel for unique GT feel. Covered in cool and comfortable, padded imitation leather.

### GT Interior Decor Accessories

Dress up your VOLVO's interior with these distinctive GT Accessories.

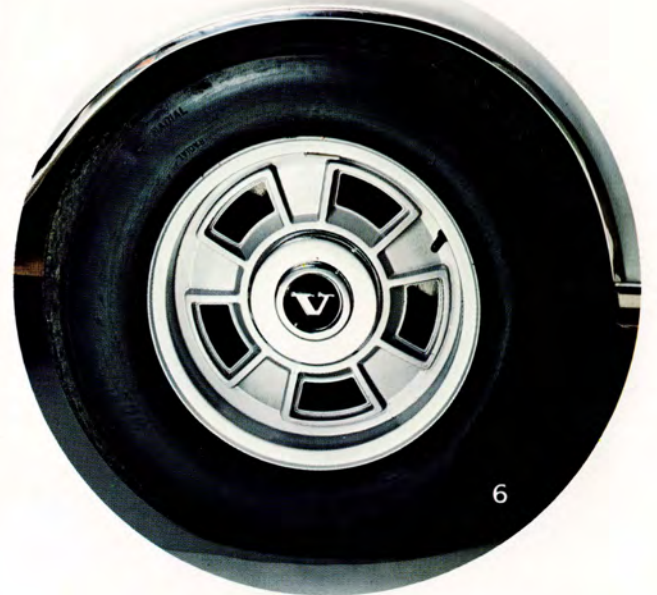

- 4. GT Gear Shift Knob.** For standard shift models only without electric overdrive.

### Alloy Wheels

Either style will add more style to your VOLVO while reducing unsprung road weight.

- 5. GT Style Wheel.** All models. Manufactured from high strength aluminum alloy. Each wheel weighs only 12 $\frac{1}{2}$  lbs.
- 6. Deluxe Slotted Wheel.** All models. Manufactured from high strength aluminum alloys. Use with VOLVO hubcap.

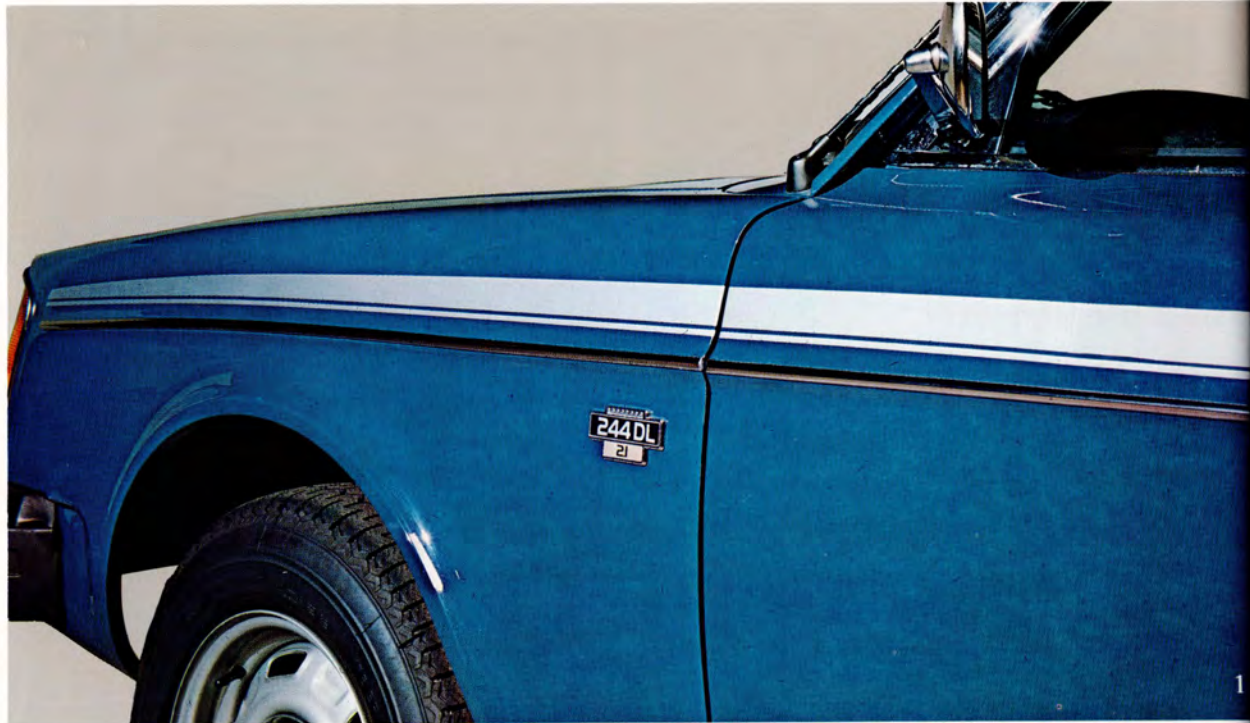

### Exterior GT/Sport Accessories

VOLVO combines flare with function with these accessories.

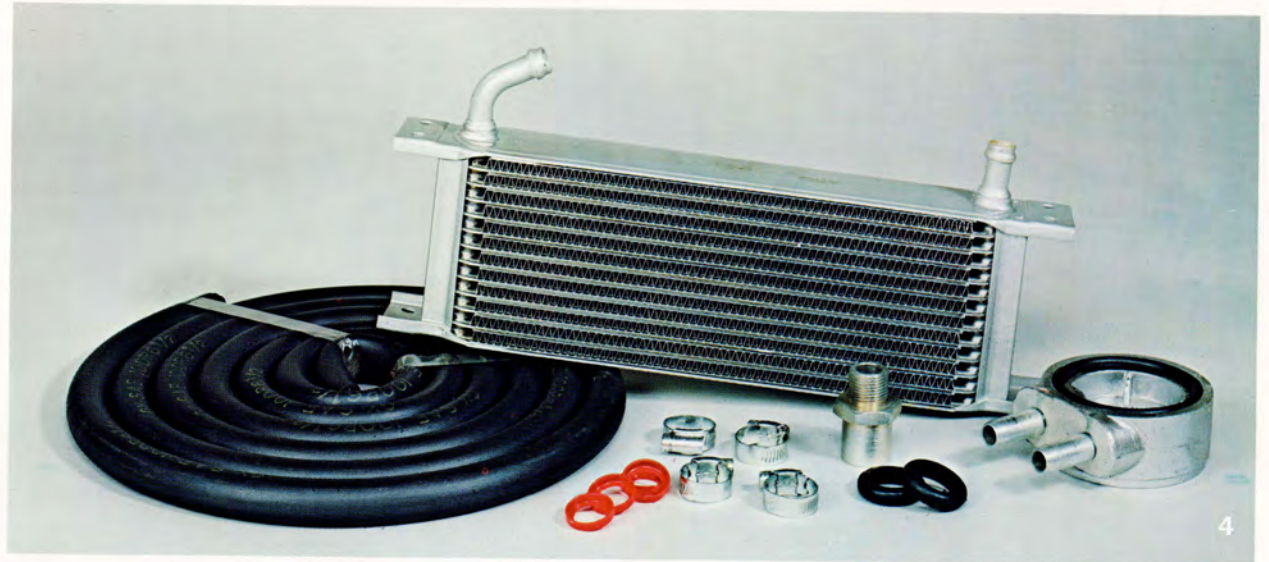

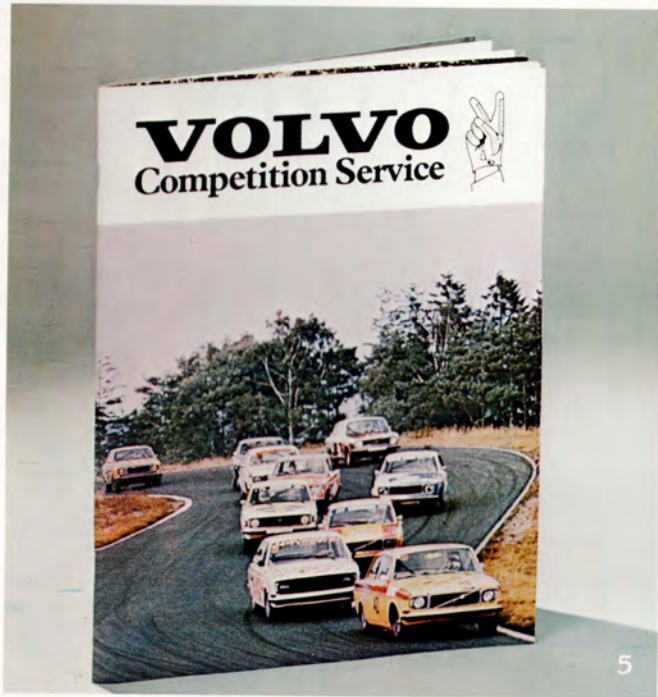

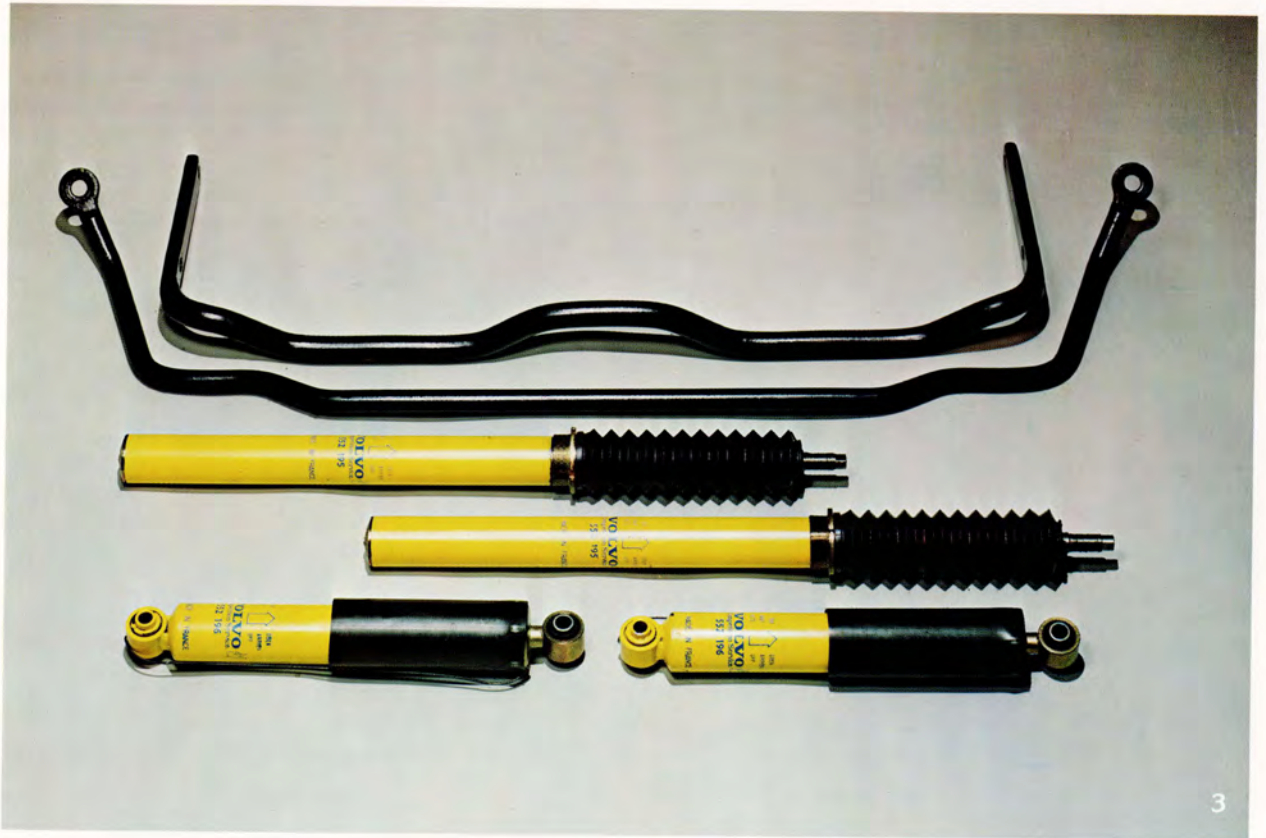

- 1. GT Stripes.** Adds flare. Available in silver, black or woodgrain. Made of durable vinyl for years of good looks.
- 2. GT Spoiler with Optional Stripes.** Adds function. Reduces updrafts for improved handling and stability. Available for front mounting in black or metallic silver finish. Stripes add flare to the function of the GT Spoiler. Available in black or silver. Note: To avoid possible brake overheating, spoilers must be used on cars equipped with VOLVO alloy wheels.
- 3. Road Holding Package.** Kit includes two pairs of heavy duty shock absorbers for better handling under adverse road conditions. One set each for front and rear. Heavy Duty Anti-Sway Stabilizer Bar reduces road sway and increases cornering ability. Shocks may be purchased separately.
- 4. Oil Cooler.** Oil Cooler acts as a radiator for your oil. Helps prevent engine damage from overheated oil. Just as important for hot weather driving as your cooling system radiator. Complete with all hoses and hardware.

## 5. VOLVO Performance Equipment

VOLVO doesn't build a production rally sports car, but that shouldn't stop the enthusiast from building his own with VOLVO Competition Service Equipment. VOLVO offers a complete line of engine, power train, exhaust, suspension, and lighting that will modify your VOLVO for peak performance and road handling. Your VOLVO Dealer has a complete, descriptive Volvo Competition Service brochure or write VOLVO of America Corporation Parts and Accessories Division, Rockleigh, New Jersey 07647 for your free copy. See just how much driving pleasure you can receive from your new VOLVO.

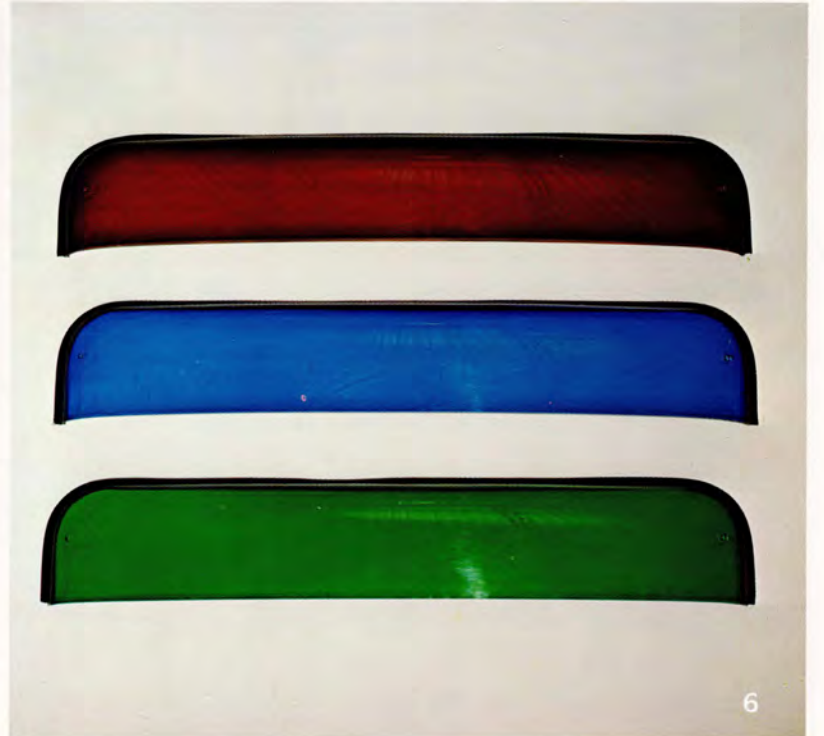

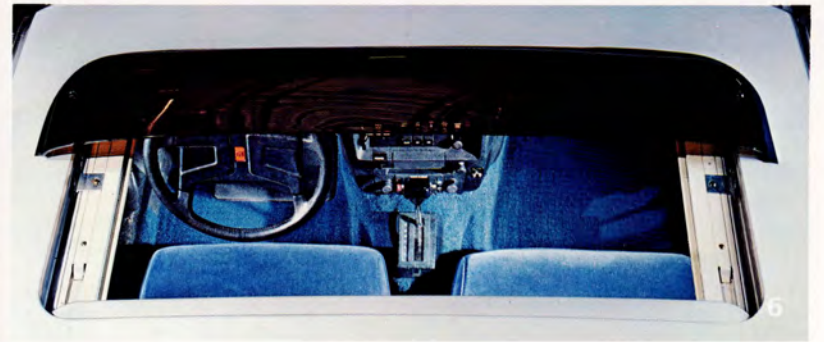

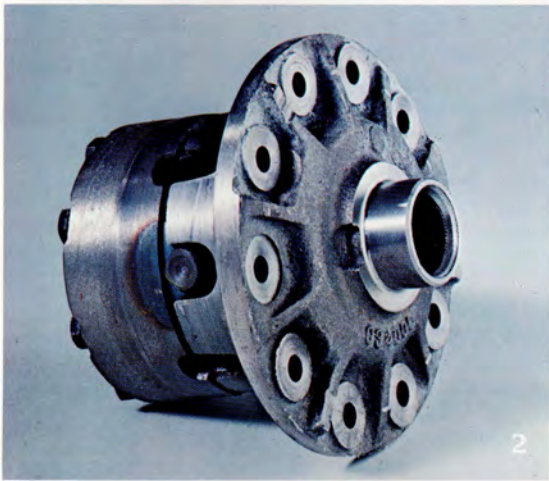

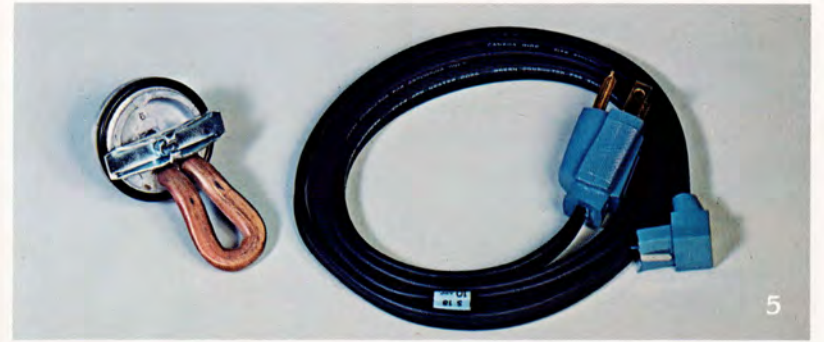

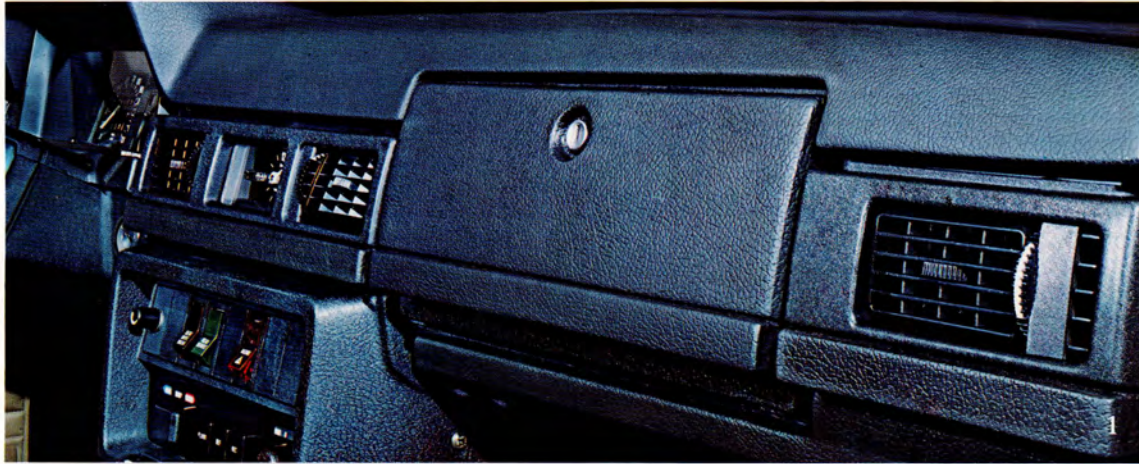

## Weather Accessories

VOLVO can't control the weather conditions you'll be driving under, but we can do the next best thing—provide a full range of all weather accessories that will make inclement driving safer and more comfortable.

- 1. All Season Air Conditioner.** Provides dehumidified, filtered air for year 'round comfort. Cools in summer, dehumidifies in winter. Four dash louvers plus two rear seat outlets. Recirculation feature allows you to recycle stale passenger compartment air mixed with 10% outside air. Or, select outside air only. Standard on 260 Series VOLVOs.
- 2. Limited Slip Differential.** Gives your VOLVO an extra "drive" wheel for positive traction in mud, sand, rain, ice or snow.
- 3. Grille Foglight Kit.** Auxilliary driving lamps are recessed in an included special grille for greater protection. 242 models only.
- 4. Fog Lights.** Quartz Iodide lamps aid visibility in dark or fog driving conditions. Bumper mounted. Clear lens.
- 5. Engine Block Heater.** Helps prevent freezing weather damage. Fits into "freeze plug" on engine block. Uses normal AC house current to pre-warm your engine for safe, quick starts on cold mornings.
- 6. Sunroof Sunvisor.** Reduces glare and wind noise. Tough durable plexiglass with rubber weather seal. Available in four transparent colors: Smoke, Amber, Green and Blue.

## Travel, Towing and Load Carrying Accessories.

One of the features of your VOLVO that you'll enjoy the most is the roominess of the interior and the spaciousness of the cargo compartments. But sometimes, other of life's little pleasures come in large sizes. These VOLVO Travel, Towing and Load Carrying Accessories will make carrying them a more manageable proposition.

### Exclusively For Your VOLVO Station Wagon

Most owners of a VOLVO Station Wagon based their decision on the need for a vehicle that is versatile. At one time or another, a VOLVO Station Wagon serves as a recreation vehicle, a school bus, a small truck or just a good looking family car. These VOLVO Accessories, especially designed for 245 and 265 Series cars, plus other accessories shown in this brochure, will let your wagon lead its second lives.

- 1. Removable Wagon Rack.** Mounts securely to roof gutter in six places with nut and bolt clamp assembly. Wooden slats add durability to the attractive design. Optional restraining straps available.
- 2. Permanent Wagon Rack.** Chrome plated steel resists rust, adds beauty. A must for the weekend handyman and traveler.
- 3. Auxiliary Seat.** Converts your five passenger wagon into a seven passenger family vehicle. Seat folds out of sight when not in use. Complete with armrests and safety belts.
- 4. Cargo Mat.** Keeps the cargo area clean and protected. Vinyl faced rubber for attractive looks and durability.
- 5. Dog Restraint.** Tubular framed elastic nylon restraint keeps man's best friend (and man) safer. Keeps upholstery cleaner.

# Towing and Load Carrying Accessories

Your new VOLVO is one of the best designed vehicles for towing that is available today. The drive train incorporates a transmission and a gear ratio that gives you the power for effortless towing within the specified limits. The engine cooling system easily accommodates the added load. As a matter of fact, under actual hill climb towing conditions in tests conducted in the heat of Death Valley, all of the VOLVOS tested successfully completed the climb without overheating. With these accessories on your VOLVO, you can put the bulk of your load carrying problems behind you with confidence. Or, you can put them on the roof.

**1. Trailer Hitch.** Sturdy steel yoke bolts to car frame. Ball and draw bar assembly detaches when not in use. Trailer and load capacity—2000 lbs.

**2. Wire Harness, Trailer Plug and Adapter.** This accessory provides all the needed components to complete the trailer-to-car hook-up.

**3. Mirror Extension Arms.** Stainless steel arms extend side mirrors to make them applicable for towing. Mirrors not included.

**4. Semi-Automatic Load Leveling System.** Comprised of special air shocks, compressor, dash gauges switch and wiring. Elevates rear of car with the touch of a button to compensate for load weight.

**5. Load Leveling System.** Special rear air shocks can be inflated to alter car height. Valves installed inside trunk.

**6. Stone Guard.** Tough, durable rubber apron helps to prevent vacuum build-up between your VOLVO and your trailer. Protects your trailer from flying stone damage.

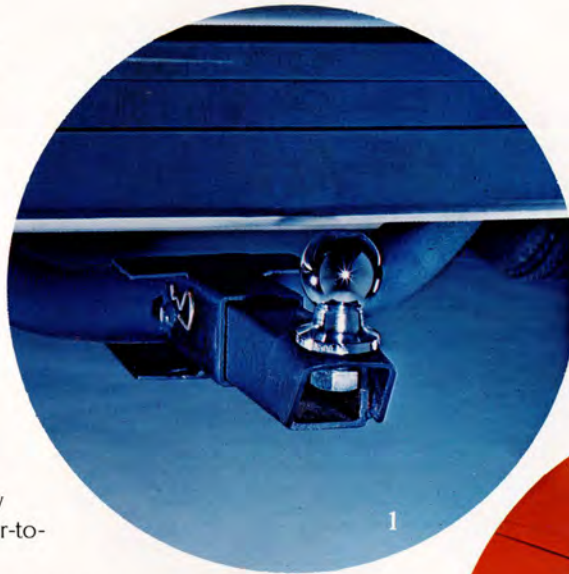

**7. Luggage Cover.** Weatherproof vinyl case keeps luggage protected from the elements.

**8 & 9. Sedan Roof Rack and Luggage Net.**

Removeable luggage rack clamps to roof gutters with four spring-lever clamp assemblies. Elasticized nylon net holds rack load securely.

**10. Load Carrier.** Bar-type carrier holds wide, bulky loads. Optional extension rails expand width capacity to 80 inches. Ski straps also available.

**11. Locking Ski Rack.** Carries up to five pairs of skis and poles. Lockable.

## Comfort and Convenience Accessories.

At VOLVO, we take a rational view of what true luxury is. For example, it's orthopedically designed seats with the unique lumbar support that gives you the luxury of a comfortable ride after hours of driving. It's a massive expanse of window area that gives you the luxury of excellent visibility in local driving. These Comfort and Convenience Accessories will give you the luxury of having that same rational point of view.

### Volvo Power Assist Accessories

- 1. Power Front Windows.** Individual control switches install in center console panel. Standard on 260 Series VOLVOs.
- 2. Cruise Control.** Step off the gas for greater economy and convenience by letting a VOLVO Cruise Control maintain your accelerator pressure. Vacuum controlled unit locks in and maintains pre-set road speed (over 30 mph). Disengages by braking or accelerating. Resume speed feature accelerates car by "memory" after stopping. Control mounts to turn signal lever for convenient, fingertip operation. Only VOLVO approved unit available on the market. Meets all Federal and state safety standards.
- 3. Power Rear Windows.** Control switches mount on top of the seatbelt/emergency brake console between the front seats for either driver or passenger operation. Standard on 260 Series.
- 4. Electric Remote Control Side Door Mirrors.** Infinitely adjustable mirrors are electrically controlled by a pair of four-way toggle switches located on the seat belt/emergency brake console. Available singly or by the set. Standard on 260 Series VOLVOs.

**1. Adjustable Reading Lamp.** Flexible "goose neck" lamp is ideal for reading directions, maps, etc. Push button on/off switch. May be mounted in a variety of interior locations. Bulb shield adjusts for more or less localized light. Snaps into out-of-the-way cable holder when not in use.

**2. Rear Head Restraints.** Give your back seat passengers the same comfort as front seat occupants. Available in black or beige to match front restraints.

**3. Rear Window Sun Screens.** Works like a window blind to block out sun; add privacy for rear seat passengers. Opaque from the outside yet translucent from the inside for complete visibility.

**4. Adjustable Armrest.**

Mounts between the front seats. Adjusts to six different positions for maximum comfort.

**5. Head Restraint Cushions.** Foam cushioned pads add extra driving comfort for passengers. Available for front and rear restraints in black, blue velour and grey velour.

**6. Passenger Assist Handle.** Assists front seat passenger in exiting the vehicle. Mounts on dashboard under glove box.

**Organizer Accessories**

Organize your miscellaneous articles in these convenient accessories.

**7. Center Console Tray.** Handy tray mounts on the face of the center console. Pliable foam plastic for greater safety.

**8. Floor Consoles.** Mounts between the seats and the door sills. Sold in sets only.

**9. Locking Gas Cap.** Prevent pilferage and vandalism. Two keys.

**10. Courtesy Tray.** Adheres to the top of the dashboard for secure mounting. Two compartments.

**11. Trunk Basket.** Vinyl-coated wire basket helps you organize the small articles in your trunk. For sedans only.

**12. Steering Wheel Covers.** Keep hands cool and dry in summer; warm in winter. Available in vinyl and genuine leather.

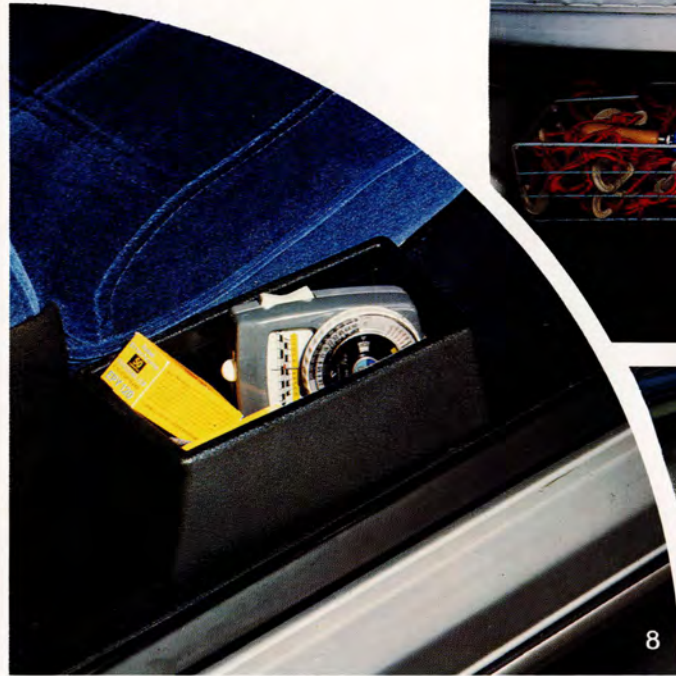

**13. Genuine Leather Steering Wheel.** One of the most luxurious touches you can add to your VOLVO. Complete steering wheel is covered with comfortable, elegant genuine calf leather. Fully padded with distinctive VOLVO center emblem. (Must be seen to be truly appreciated.) Ask your VOLVO dealer.

## Care and Maintenance Accessories

Over the years that you will own your VOLVO, you'll come to appreciate the design features that have given VOLVO a world-wide reputation for durability. These VOLVO Care and Maintenance Accessories will help preserve that image by helping to preserve the beauty and performance of your VOLVO.

Care and Maintenance shown on the facing page:

**1&2. Floor Mats and Floor Trays.** Black rubber floor mats stand up to years of use. Unique waffle design helps prevent the spreading of dirt and grime. Front mats have two pre-drilled holes for use with clip assembly to anchor mats to floor. Available for front and rear.

Floor Trays utilize deep-dish design for added carpet protection. Available for front and rear. Won't interfere with accelerator, brake or clutch pedals.

**3. Touch Up Paints.** Available in exact match of original. Built-in applicator brush in bottle. Spray can for larger areas.

**4. Solvents, Lubricants and Fluids.** Brake Fluid, Cooling System Rust Preventive and Lubricant, Silicone Lubricant, Windshield Washer Solvent, Gas Line Anti-Freeze, Lock De-icer.

**5. Waxes and Polishes.** Paste wax, liquid wax and polish.

**6. Service Manuals.** Available for current and past models.

## VOLVO Genuine Replacement Batteries

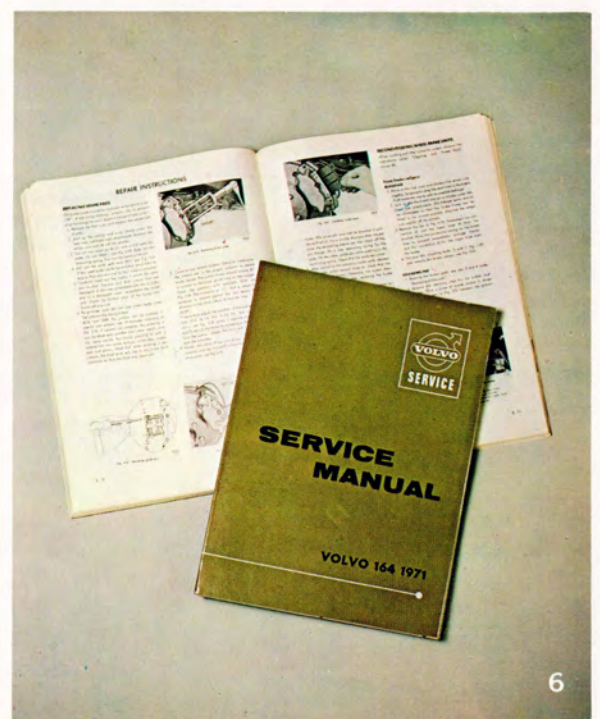

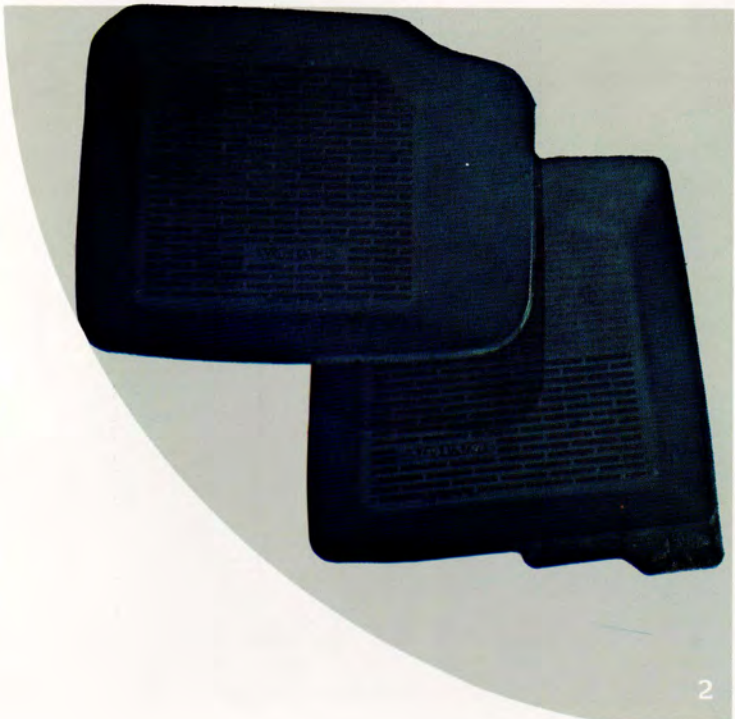

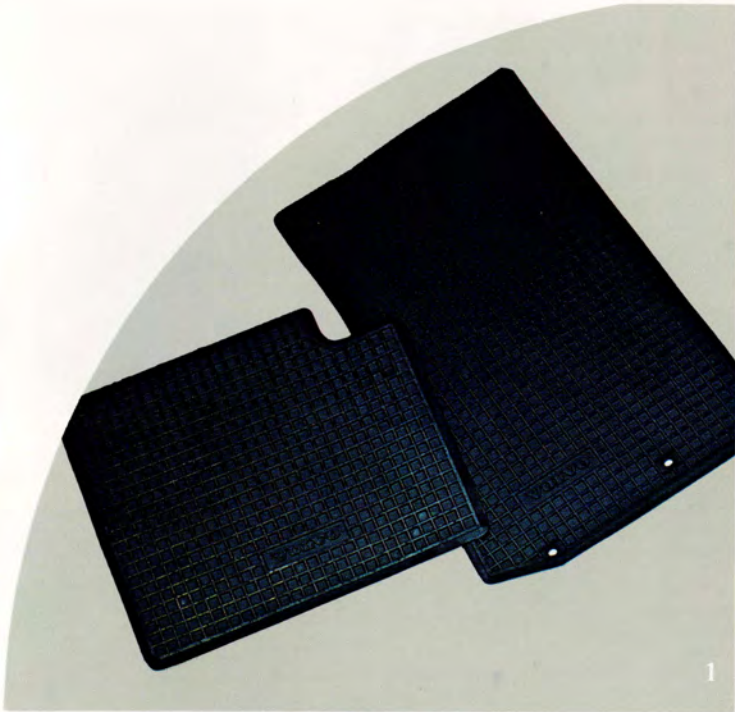

### Why Wait 'Til It's Too Late?

A dead battery can be an aggravating, inconvenient and expensive proposition at the roadside. Why wait until it's too late? As you bring your VOLVO in for routine service, ask your VOLVO Dealer to perform a simple test. It takes only a couple of moments. Then, if need be, you can replace your worn battery with the premium quality battery choice that matches VOLVO's premium quality specifications: VOLVO Genuine Replacement Batteries.

- 60 and 70 ampere-hour capacities for heavy-duty reserve power and high cold cranking performance. (70 Ah Battery recommended for heavy duty applications and 160 and 260 series VOLVOS.)
- Applicable for prior model VOLVOS—VOLVO 544, 210, 120, 130, 220, 1800S, 1800E, 1800ES, 140, 160, 240 and 260 Series.
- Rugged exterior and interior materials to resist corrosion.
- One piece top construction for added durability.
- The VOLVO batteries have as much as 21% more ampere hour capacity, 9% more cold cranking power and 18% more reserve capacity than comparable 70 Ah batteries.
- The only 12 month free replacement plan as part of a 36 month pro-rated limited warranty. It's the strongest warranty in the industry.

## Personal Accessories

Throughout this brochure, we have described VOLVO Accessories that are designed to add performance to your car. Here are a few accessories designed especially for you.

1. **Volvo Golf Umbrella.** Large size. Blue and white combination.
2. **Volvo Tie.** 1927 VOLVO embossed on a navy blue polyester field.
3. **Lapel Pins, Electronic Lighter, Gold Plated Pen and Pencil Set, Pocket Knife.**
4. **Coaster Set. Key Ring.** Leather strap with VOLVO emblem. **Key Ring with two hour timer.** Great for judging remaining parking meter time. **Key Ring, 1927 VOLVO medallion.**
5. **Model Cars.** Fully assembled.
6. **VOLVO Ski Jackets.** Blue nylon winter ski jacket with knit cuffs and waistband. Attractive white trim stripes. Available in adult and children sizes.
7. **VOLVO Windbreaker and Tee Shirt.** Windbreaker handsomely styled-trimmed with white stripes. Tee Shirts are available in white, yellow and blue.
